ISHMS

INDIAN STRUCTURAL HEALTH MONITORING SOCIETY (ISHMS)

CALL FOR NOMINATIONS | ISHMS FELLOWSHIP 2027

The **ISHMS Fellowship** is a prestigious scientific distinction conferred by the Indian Structural Health Monitoring Society (ISHMS) in recognition of significant and sustained contributions to research, innovation, and advancement in the field of Structural Health Monitoring (SHM). The fellowship is open to outstanding applicants worldwide, irrespective of nationality.

The Fellowship recognises excellence and significant contributions to the field of SHM encompassing pioneering research, high-impact scholarly publications in SHM, patents arising from SHM innovations, technology transfer and commercialisation of SHM technologies, development mentorship and nurturing of SHM-based startups, and professional outreach for the promotion and wider adoption of SHM.

Nominations will undergo a rigorous, multi-stage scientific peer-review process involving an objective and comprehensive assessment of the nominee's contributions to the field of SHM. The assessment will consider the quality and impact of research publications in peer-reviewed journals, patents granted or filed, SHM-related product and technology development, technology transfer and commercialisation, incubation and development of SHM-based startups, mentorship, and scientific and professional outreach. The decision of the Governing Council, based on the outcome of the scientific peer-review process and its overall assessment, shall be final and binding.

Last date for submission: 31 December 2026
